

Steelbox

Steelbox is a modular collection of storage products that you can combine to fit nearly any space or design.

Flexible + versatile

The dozens of Steelbox pieces can be mixed-and-matched to create standalone solutions like lockers and bookcases ... or added to Sunon desks and systems as lateral files, credenzas, pedestals and more.

Match your style

With the frame available in 2 colors and doors in 6 colors, Steelbox can run the gamut from fun to formal in style. Add a wood or cushioned top, or choose roller-style door, one with frosted glass or a mailslot.

Privacy features

Cabinets are available with two types of locks: keyed or combination.

Premium steel for durability

Premium cold-rolled steel is coated with electrostatic painting for high durability, even in humid environments.
