

H5

H5 redefines lightness in seating. Its integrated floating frame and fully meshed structure create a barely-there feel - supportive, breathable, and effortlessly comfortable. With a synchronized recline and ergonomic tilt angles, it responds to your every movement, adapting smoothly as you shift and lean.

Features

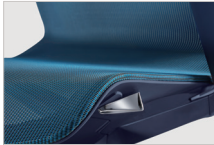

- The AirPro cooling system, powered by a fully meshed build, offers breathable comfort all day long.
- Contours that follow the spine's natural curve, offering pressure relief from neck to legs.
- Self-weighted recline that moves with you — no adjustments needed.
- Monochrome design from top to base, delivering a clean, cohesive look.
- Backrest frame made from 100% ocean-recycled plastic. Foldable for compact shipping and a lower carbon footprint.
