AULENTI

ELEGANT, MINIMALIST DESIGN

Our Aulenti collection includes luxurious seating for workplaces and conference rooms that features ergonomic comfort with elegant, minimalist design.

CALM

CRAFTSMANSHIP AND SOPHISTICATION

Made of high-end Napa leather, Calm is beautifully crafted and sophisticated. The backrest conforms to the natural curve of the human body and provides all-around support.

Available as both a task and side chair.

H3

H3's split-back design allows for individualized support of your upper and lower back, while its nylon frame is designed for a range of sizes.

A CHAIR FOR ALL SIZES

H3 is a task chair designed to support ergonomic posture throughout the day. The back is shaped to follow the curve of your spine and provide ergonomic support. It's warranted up to 300 lbs.

H'UP

A CHAIR THAT FOLLOWS SPINE STRETCHING

Medical research has discovered that when the spine is under excessive pressure and overload, the muscles of the shoulders, neck, and waist are affected, leading to pain and discomfort. One-size-fits-all office chairs overlook the fact that different heights require different spinal support, failing to provide personalized support. However, H'UP can follow the stretching of your spine. The backrest independently adjusts by 50mm, customizing a unique size based on your height.

ALIEN

AWARD-WINNING DESIGN

Alien is an affordable task chair with a unique style. Its combination of adjustability, comfort and aesthetics won a 2020 German Design Award.

H2

Not available in USA

Spine-friendly Chair

Ergonomic, relaxing, spine-friendly.
H2 is designed with edgeless comfort.

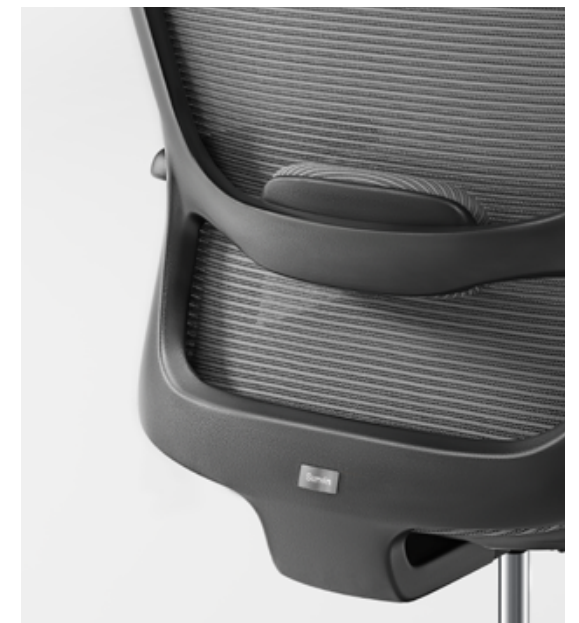

BUTTERFLY

Brilliant and Gorgeous Like A Butterfly

Butterfly, naturally matured with unique beauty and elegance. Since it was little, the caterpillar wraps itself in the cocoon for strengthening its strength, maturing its wings, and waiting for the day of transformation. The butterfly chair is inspired by the butterfly wings. The designer transforms the support structure of the wings into a Y-shaped back frame of the chair. The chair looks like a dancing butterfly while giving you sufficient support and accompanying you through every stage of your progressive career.

OLIVE

An all-curved pressure-relieving chair

Olive's all-curved surface perfectly fits with the lines of your shoulder, waist, back, hip, and arm, and helps you to maintain a relaxed condition. It offers a package of five configurations to indulge you with a pressure-relieving sitting experience throughout working hours.

Not available in USA

AVEZA

V-shaped backrest does everything for your back comfort

A suitable office chair is your warm company in the nine-to-five working life, whose wide arms are indispensable along your career path. The V-shaped back support perfectly fits your back like a stretched wing and eases your lumbar and back like tender hands. The ergonomic design of the backrest allows easy adjustment according to your sitting position. This slight change for your back brings totally new level of comfort.

Not available in USA

LOCKE

Locke redefines comfort and control in modern workspaces. Smooth, responsive adjustments are the same as paddle shifters. Six-way adjustable support for your perfect sitting position. Soft, padded lumbar support for a cozy, home-like feel.

The armrests extend outward like wings, The base has fluid, dynamic lines, and together with the integrated base, they create a futuristic appearance.

DOLPHIN

SIMPLICITY AND PERFORMANCE

The Dolphin chair offers simple performance and comfort, with an aesthetic that seamlessly integrates into any professional or educational setting. Dolphin is available in chair or stool height and with a variety of seat and base options.

IRON

ALL-AROUND COMFORT

Iron is an affordable, all-purpose chair that features molded lumbar support, distinctive design, and double mesh upholstery to help keep you cool under pressure.

It's available as a task chair with optional headrest, or side chair with sled base.

WINGER

The armrests are like two arms, making sitting comfortable.
The cushion can be flipped to save the storage space, thus make move and storage easily.

DIAMOND

MOVEABLE AND STACKABLE

The Diamond chair is strong, comfortable and easy to move and store. The contoured backrest and uniquely shaped armrests make a stylish statement, while the castors allow for quick reconfiguration in spaces like training rooms and cafes. The chairs nest for convenient storage.

MOTTO

Suspended for Easy Cleaning

Since dining spaces need frequent cleaning, Motto gives brooms and mops a clear path. The round corner design prevents table scratches when placed on it.

MAT

Extra Wide for Ultimate Comfort and Connection

The lightweight design allows for more room to move, making it easy to turn and communicate comfortably in any position. Rounded armrests add comfort, making every touch feel natural. It's more than a seat—it offers a space for free conversation.

MAGNA

EASY TO CLEAN, EASY TO STORE, EASY TO SIT ON

The Magna chair has a simple, casual design that fits anywhere, from meeting rooms to training spaces to cafes. The vented back design allows for air circulation to keep you cool, while the contoured shape keeps you comfortable.

The frame is available in five colors, with optional seat or back cushions that detach for easy cleaning.

PLIS

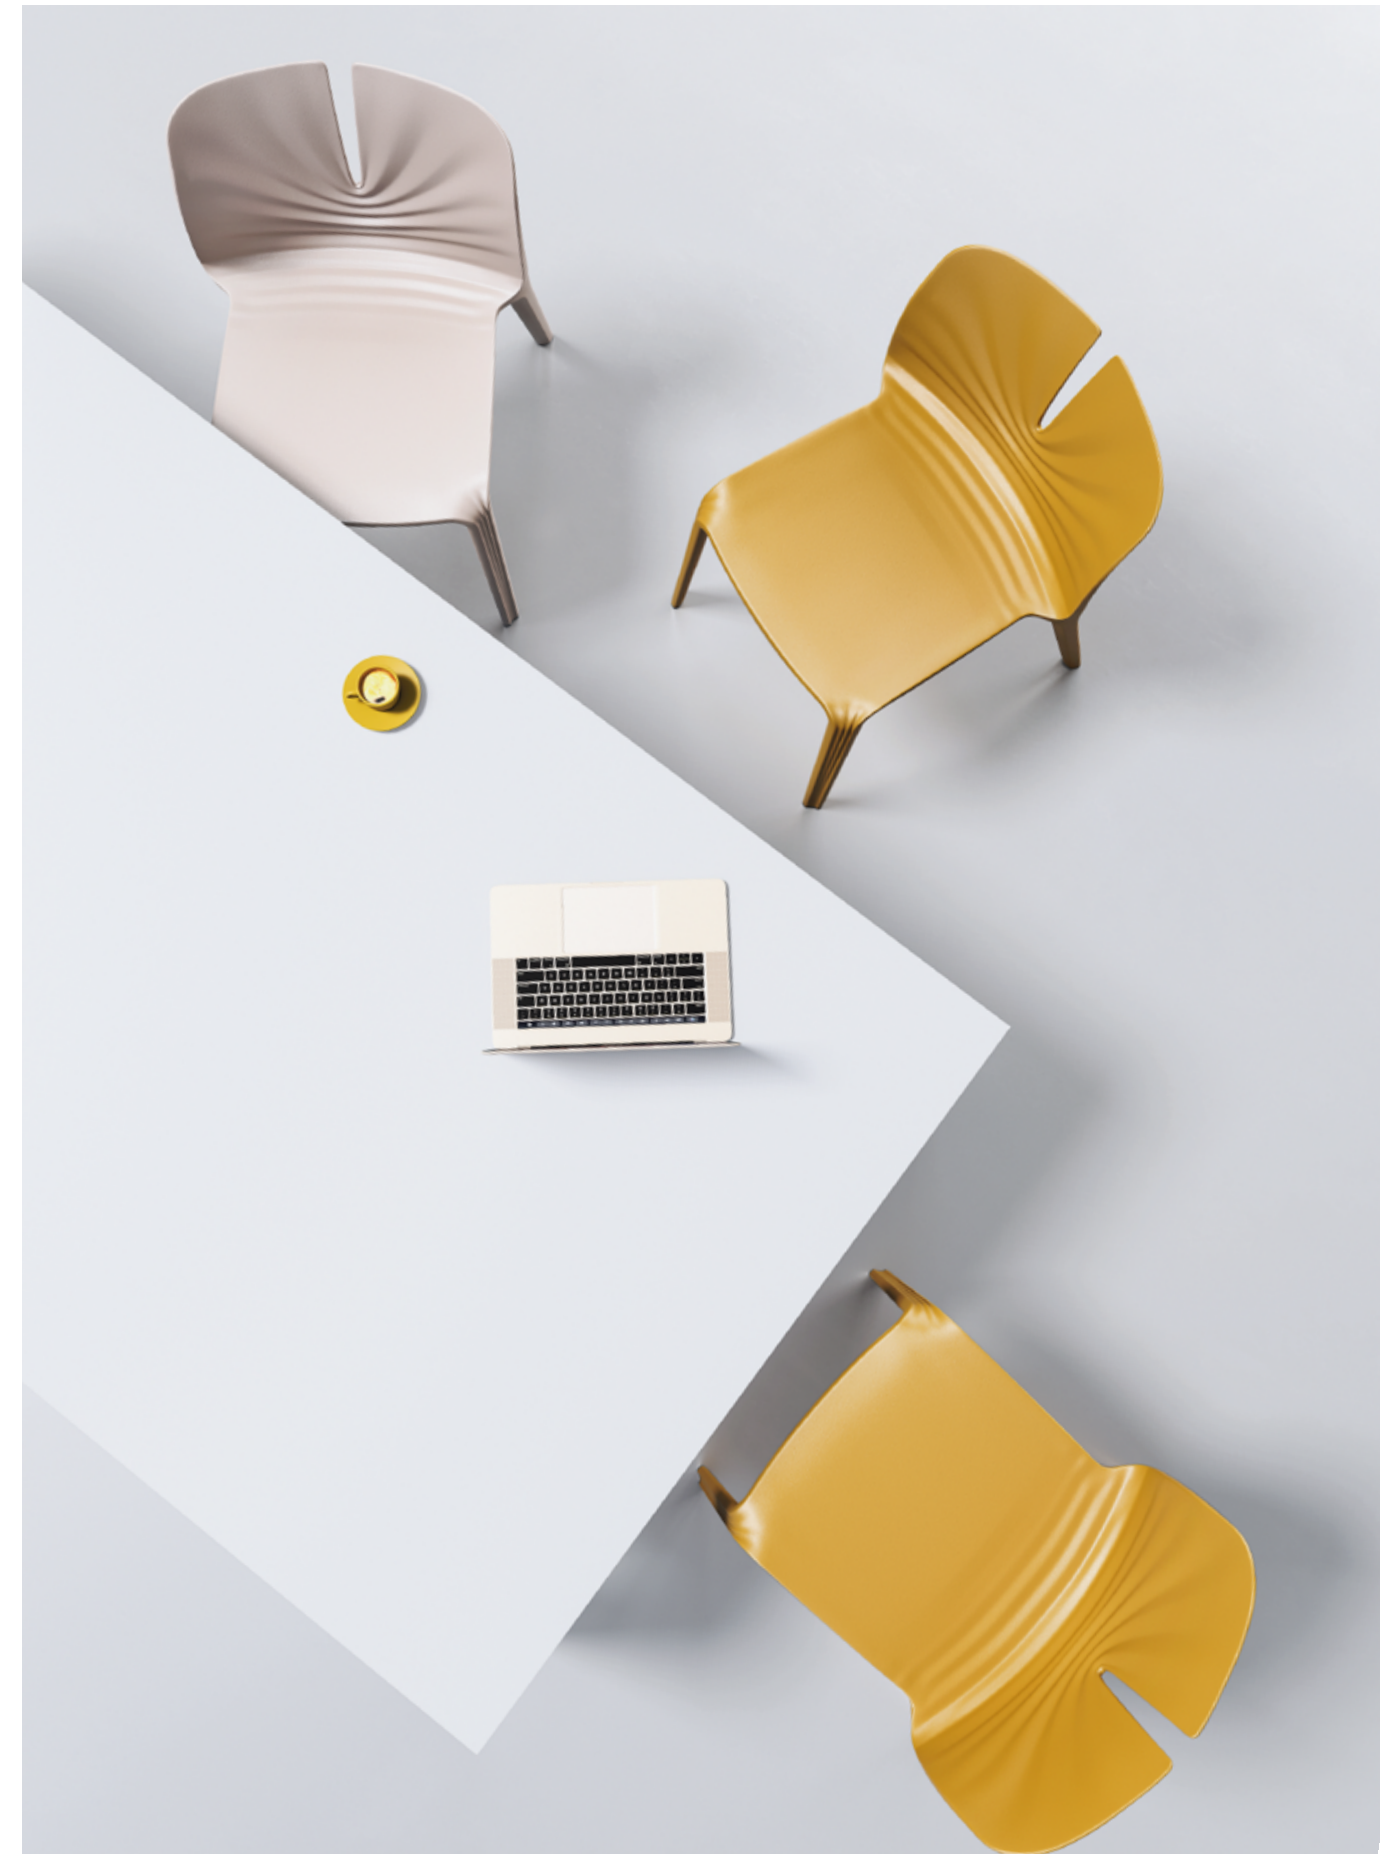

STACKING BEAUTY

Inspired by the distinct crinkled look of plisse silk, the Plis chair is a multi-use, molded stacker perfect for office, dining or outdoor spaces, and has passed BIFMA frame durability testing.

Mat	58

IRON

ALL-AROUND COMFORT

The Iron stool is an affordable, all-purpose choice that features height adjustment, height-adjustable arms, adjustable lumbar support and a height-adjustable foot ring.

MAGNA

SIMPLE, CASUAL DESIGN

Magna stool has two unique styles. The five-star base option has a flexible back with vents to keep you cool and comfortable. The low-back version has a clean silhouette that's perfect for modern environments.

DUCKY

Different heights, different horizons.

Take a break from your fast-paced work, find a quiet corner and soothe your tight nerves: a moment of rest leads you to inspiration.

MAT

SPACIOUS AND RELAXED COMFORT

The Mat features an extra-wide design with a 19" wide seat and 23" wide armrests, providing ample space for comfortable movement. It supports up to 220 pounds, ensuring suitability for all users. The 114° recline allows you to lean back and unwind at your convenience.

UP1 COLLECTION

HEIGHT-ADJUSTABLE OPTIONS FOR PRIVATE OFFICE, BENCHING AND MORE

UP1 is a height-adjustable desk collection with four models: single, double, L-shaped and with storage.

Combine with UP1 Power Beam and UP1 Gallery Panels for easy, affordable power and space division wherever you need it.

With attached credenza

UP1 features 3 pre-set buttons and lets you go from sitting to standing in 13 seconds or less. Its motor is less than 46 decibels, for adjustments that won't disrupt coworkers in even the quietest environments.

Single

Choose from two- or three-stage base.

UP1 Power Beam

Beam system makes cable management easy. Add screens to build a semi-private environment. Works with single- and L-shaped configurations.

L-Shaped

L-shaped style can be configured as a standalone desk, face-to-face, or bench.

MALL

For click-and-choose convenience, Mall can be ordered as individual components or as one of several typicals that fit most needs.

LIMITLESS OPTIONS

Our modular Mall benching system lets you create effective co-working settings in both small and large spaces. Build your own, or take the easy route and choose one of our 8 pre-configured designs. Mix and match for infinite possibilities. Mall makes choice easy.

Many of Mall's components are recyclable, while its endless configurability ensures it will continue to work for your office as your needs change. It's a great choice for now and in the future.

Stylish Colors Speak for Youth

Visual uniformity help achieving a common goal.
The graceful Morandi green, the serenity of savoy, and the steadiness of fashionable grey, all these color are favored by young staff.
The slender handle echoes to color on the table feet, endowing the space with the vitality of youth.

The Slide Felt with Colorful Upholstery

The upholstery of the screen can be used as a display board to show off your team culture.

Multi-shape Staff Space

Line-shaped workstation combination with mobility cabinets that can be used a stool and used for storage is suitable for team work. Single-position workstation equipped with high shelf cabinets can meet a demand for large capacity of storage, so the files are sorted orderly while the tabletop is neat and clean.

I-VARNA

I-Varna II conference table comes in a wide range of shapes to cater to different occasions and meet dynamic needs in the workplace.

A COMMANDING PRESENCE

Simple yet powerful, I-Varna II conference table is easy to fit in—and move around spaces with different settings. Sculptural lines of metal legs make a commanding presence and leave ample room under the desk for your legs. I-Varna II is a must-have asset for any room requiring brainstorming.

FUNCTIONAL STYLE

Maxim is a comprehensive line of private office and meeting table solutions that's both functional and beautiful. The laminate has a natural-looking wood grain, 45-degree knife edge and microfiber insert. Desks have smart features like a hidden drawer and soft-close drawers. Tables have built-in outlets with flip-top cover.

MANDIS

GEOMETRIC CONFIGURATIONS

Mandis is a flip-top table with straight, angled and rounded tops, so you can arrange them in shapes beyond the traditional square or rectangle.

Mandis includes an optional below-surface shelf, as well as flip-top function and omni-directional casters.

D1 TABLES

D-Series is an modular collection that can be built into co-working, educational and social spaces. D1 tables come in both standing and seated heights, with optional power pack and cable management. The collection also includes a whiteboard.

UNIVERSAL TABLES

FROM MEETINGS TO CAFES TO COLLABORATION SPACES

Our Universal Tables collection is a wide-ranging series of meeting and cafe tables. Choose tops in a range of shapes. Bases are available in metal, wood, genuine leather or faux.

All tables have a durable coating that is waterproof and wear-resistant.

M CABINET

STORAGE MADE MODULAR

Available in a range of colors and finishes, M Cabinet has individual modules that can be stacked, put side-by-side and combined in a variety of ways.

Privacy locks keep items safe, while an indicator lets you see at a glance whether a cupboard is in use or available.

MALL STORAGE

Mall's storage line includes mobile pedestals, storage cabinets, bookcases, lateral files and credenzas. Add these to Mall worksurfaces or integrate with other Sunon desks and tables.

STEELBOX

Three-in-one Smoothness

Steel panels on both side and the back are one-piece made, so there will be no trouble of welding projections that cause mutual abrasion with objects or drawers, or gaps difficult to clean.

SURFLEX

SIMPLE, MODULAR, PARADIGM-SHIFTING

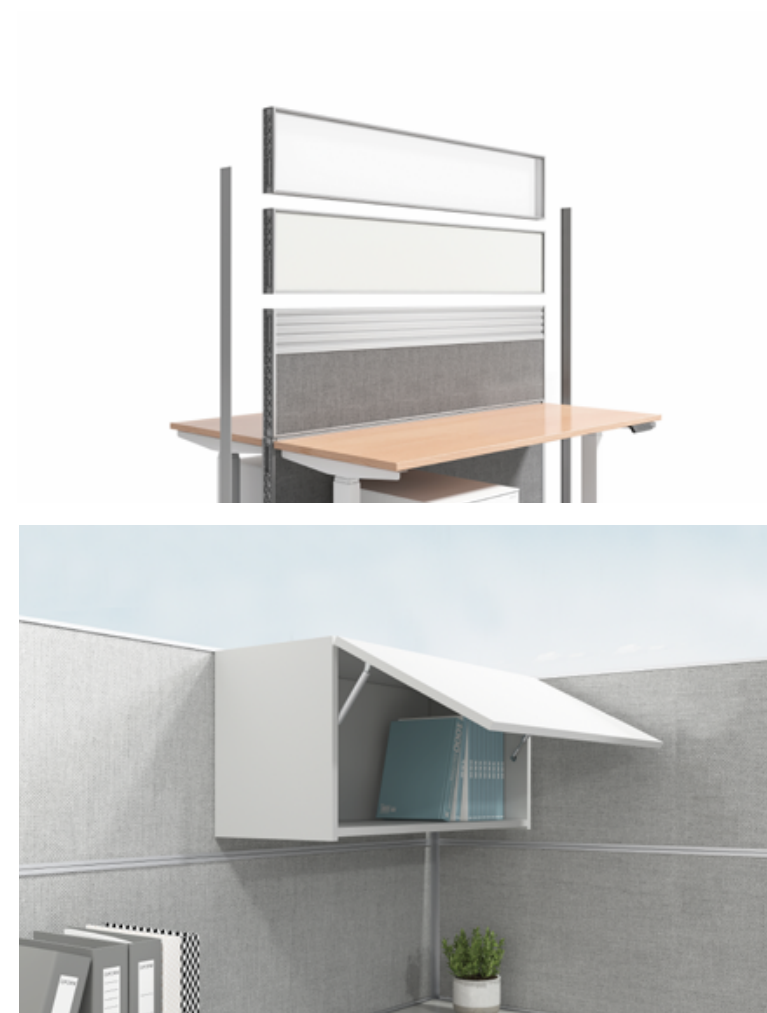

Surflex is a new paradigm in systems furniture – less of a panel system and more a set of building blocks that users can configure at will. Each section is a block that users can easily fit together to build a solution in the size and style of their choosing. Even overhead storage cabinets can be quickly moved as needed.

No need to call the facilities team – with Surflex, you can reconfigure your space in a matter of minutes.

Panels come in a variety of materials, including glass, metal, acrylic, fabric, laminate and whiteboard.

Surflex panels assemble like building blocks. Storage and accessories slide over the panels, or clip onto the top.

SURFLEX | Product Specifications

Panel System Overview

Available in a variety of tiles finishes

- Fabric Panels
- Magnetic Whiteboards
- Double-Layered Glass (coming in Sept)
- Frameless Glass

Cubicle Height Options:

Choose from multiple standard heights: 42" / 54" / 56" / 66" / 68

Configuration Options:

- 2-Station or 4-Station Units with Fixed Work Surfaces
- 2-Station or 4-Station Units with Height-Adjustable Desks

SAMU

WHIMSICAL, YET PRACTICAL

Inspired by the sleek lines and graceful movements of a whale, Samu is a whimsical lounge seating option that is certain to bring a smile to everyone's face. Yet it's highly functional, with stainproof material and a small pocket in the front for storing personal belongings.

UC LOUNGE

DESIGNED FOR RELAXATION

Inspired by the shape of a playground swing, the UC lounge chair is intended to bring that same carefree mindset to the office. The overstuffed cushion is tufted with 8 quilted points that divide the seat and back into 18 sections for a massage effect, while the material is made with DuPont nanotechnology that has passed strict tests for water-, stain- and grease-resistance.

UU LOUNGE

UU, Like A Smiling Mouth

The U-shaped contour offers an idyllic scene. Its shape looks like a pistachio, or a mouth wide open, laughing out loud.

Not available in USA

UF LOUNGE

UF brings comfort and mobility to your office and enables privacy in the busiest environments. UF naturally accommodates public spaces and provides a sense of tranquility in this bustling world. Fitted with hidden casters and built-in storage, UF is flexible and combines comfort with the option for socializing or privacy.

UR

In a reclined posture,
enact the stretching and flexing of awakening animals.
Injecting new vitality into the sofa.
The letter "R" in shape interprets nature.

The backrest is refined edging, like the continuous Kunlun Mountains.

For The
Comfort
You're
Missing

FLOWER 6

MIX, MATCH, CONNECT AND CUSTOMIZE

Flower 6 is a collection of modular lounge furniture with 53 different modules in 4 categories: single, basic, coffee table and auxiliary. Each piece can be used alone or connected to form different configurations, from Z-shaped to arcs to waves. The material is made using DuPont nanotechnology for water-, stain- and grease-resistance, while the screens feature noise-reducing fabric.

A mix of cotton and linen gives a pristine feeling. A fine-tuned armrest brings you seamless comfort.

Tufted sofas continue to be a hallmark of sophisticated mid century modern design. Their distinctive buttoned upholstery not only adds texture and visual interest but also nods to a sense of timeless elegance.

CHEN

Chen is a versatile and affordable series of lounge furniture. It consists of 5 different collections, in premium leather and fabric.

Choose your favorite Chen lounge from 5 styles: tufted detail, smooth Napa leather, softly rounded arms, smooth angles, narrow metal frame or fully upholstered.

Monitor Arms 134

MONITOR ARMS

ADJUSTABLE AND AFFORDABLE

Monitor Arms free up space on your desk and adjust quickly and easily. With a touch of a finger, you can move your monitor where you need it to help avoid tech neck and eye strain.

Monitors are attached via a VESA quick-release plate, the industry standard for easy and durable monitor mounts. An articulating gas spring lets you rotate, tilt and swivel the monitor with the touch of a finger.
