AULENTI

What matters is not limited to lines and surfaces. Office furniture should be like those landmark buildings, integrating technology innovation and fashion aesthetics, and standing out in a unique style. I hope Aulenti could be the best practice of this.

Vincenzo Vinci

Space of Beauty and Strength

Everything we do is about allowing technology to express itself in a more poetic way, achieving an interaction between technology and design. Technological innovation, quality details, human expression, and any element in the interior atmosphere are all indispensable.

Aulenti is the result of expressing technology through design.

Aulenti embodies aesthetic pursuit with a graceful exterior featuring a firm, steady base design, precise lines, and borderless, extending curves accented by back cabinet lighting. It epitomizes "beauty and strength", merging rigid and soft elements. We hope that Aulenti can become a new model of contemporary office spaces' aesthetics and functionality.

Steven, Sunon Product Director

Break the Boundary, Empower the Beauty

If we say "architecture revives a city",
then office desks should almost determine the
office environment.

The powerful front contour,
and those diamond-like splendid curves
are all inspired by the dual edged infinite display
of Galaxy S8.

The concise and bright shape of crossed desk
legs demonstrate a perfect combination of
strength and beauty.

Special formaldehyde-free water-based dual
varnishing technology helps to create a greener
and friendlier office atmosphere.

Innovation, for the Eyes that Perceive Beauty

The cable-stayed design of the framework is the essence of Aulenti's "strength and beauty".

It is like the immense whale bone, stable and full of dynamic sense.

It is like the antenna of City of Arts and Sciences in Valencia, perfectly integrating art, technology, beauty and strength.

Side Cabinets that are Also Highlights

The octagon shape makes it both elegant and lively.
The extension of cable-stayed design matches perfectly with the main desk.
Large-capacity drawer makes the whole space clean and organized.
Every line and every detail elaborates the conciseness and luxury of Aulenti.

1 Fingerprint Lock
Eliminate the hassle of key and password, ensuring confidential protection with strong security and high convenience.

2 Refined Storage
Partitioned storage drawers make it easy to categorize small office items, keeping everything organized.

3 Hidden Wireless Charging
Wireless charging is concealed on the desktop; simply place your phone to charge without messy cables.

4 Spacious CPU Cabinet
The spacious open cabinet can accommodate different items and keep them neat. The cable passthrough allows a flexible power supply for the CPU.

The Beauty of Geometric Design

The minimalist geometric designs serve both display and storage functions effectively. The display area is illuminated with sensor lights, while the storage area features push-to-open cabinets with wardrobe sections. With a net width of over 600mm, clothes can hang without squeezing, and built-in retractable rods ensure wrinkle-free access.

The minimalist-designed Aulenti seat is available in four classic color schemes. Three unique armrest designs interpret workplace style in different scenarios. Enjoy a luxurious and comfortable sitting experience now.

Luxurious Seat Details

The chair's body is molded like water and crafted with a 6mm narrow-edge design, which exudes meticulous craftsmanship quality. Every inch is considered, all for delicacy.

Stylish Attractive Appearance

Long and graceful lines, balanced proportions
Merging delicate texture with lightweight design
Creating an energetic spatial ambiance
Adjust from 106° to 121° with a four-level tilt
mechanism for seamless switching between
work, focus, and nap.

Graceful and Exquisite Sofa

Aulenti introduces Italian-type elegance into sofa design. The crease of Nappa looks classic and graceful, and feels plump and elastic by touching. The fine and firm texture and the dark coffee tone make it elegant, elaborated, and suitable for treating visitors. All these are the style and quality of Aulenti.

Urban Elite

The octagonal desktop looks infinite with the extension of lines.
The wood grain texture outlines a sense of mystery and mildness.
The smoothly forged desk legs look powerful but never too aggressive.
The meeting space is neat, steady and trendy.
It is unique and shows professional demeanor.

Easy Power Access, Efficient Video Conferencing

Empower remote video and long meetings with Aulenti Series conference tables featuring versatile sockets. Optional under-table sockets provide accessible and stable power.

Adapt to Various Spaces

The Aulenti Series, in sizes from 2800mm to 8400mm, accommodates meetings of all sizes. It is versatile for internal communication or external receptions and suits diverse space scenarios.

Cultural charm unfolds in the fusion of warm wood grain and natural Wujinshi tea trays.

Reach for the Tea

Upgrade your tea ritual with the optional water boiling module, from water supply to brewing.
