

F2 II

Inspired by the organic form of a cotton boll in bloom, the F2 II carries forward the nature-driven design of the Flower series. Firm lines and extended edges give it a strong, structured look, shaped precisely with molded foam and reinforced by a steel frame. The seat offers soft, enveloping comfort for a deeply relaxing experience.

Features

- Structured outer lines reflect a nature-inspired design language.
- Solid Q195 carbon steel frame ensures strong, lasting support.
- 105° recline angle follows the spine's curve and eases pressure.
- Sloped armrests support the arms naturally and assist when standing up.
- Zoned support with dual-layer, multi-density foam ensures balanced comfort.
- Available in multiple fabrics and base styles to suit any space.
