

MIXCUBE

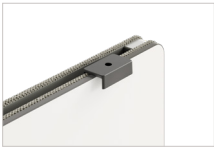

MixCube is designed for hybrid work, offering partition cabinets, mobile desks, meeting tables, whiteboards, high tables, stools, and height-adjustable podiums. It adapts to diverse office needs, maximizes space, and ensures smooth transitions between teamwork and focused tasks.

Features

- Includes partitions, whiteboards, mobile and height-adjustable systems, and power access to support a wide range of needs
- Consistent design language with rounded edges and seamless construction creates a clean, unified look
- Vibrant and bold colors energize the space and support a positive, focused mindset
- Refined details enhance ease of movement, grip, and everyday use with greater safety
- Crafted from high-grade steel and recycled polyester fiber for lasting strength and reduced weight
- Modular components combine easily and move quietly for quick transitions between work modes
